GUARD AGAINST GERMS

Keep Well by Strengthening the Stomach in Summer With Mi-o-na

Every one with weak digestion should use Mi-o-na at this season, and so strengthen the stomach that disease germs can have no effect whatever. This remarkable remedy puts the whole digestive system in so healthy, clean and sweet a state that fermentation of the food cannot exist that any disease germs which may enter the stomach will be destroyed and food will be so readily assimilated that a rapid and health increase in flesh will result.

Nervousness and sleeplessness come more often from a weak stomach than from any other cause, headache, backache and rheumatic pains are directly caused by an acid condition of the stomach. Mi-o-na corrects all this, prevents the formation of acids and nervousness, kidney trouble, or rheumatism is quickly cured. Ask J. H. O'Kielley & Co. to show you the guarantee under which they sell Mi-o-na. Price 50 cents. It costs nothing unless it cures.

A NEW BANK

Will not do you any good unless you have some money to put in it. The surest way to get money ahead is to buy all your Clothing, Shoes, Dry Goods, Underwear, Enamelware, Tinware, Crockery, and of course, your Groceries, at our store. We are the acknowledged low price store in the whole city. A few prices will give you an inkling of our fine goods:

If you pay \$3.50 for a shoe, come and look at ours at \$2.50. If you pay \$4 for a shoe, come and look at ours at \$3. If you pay \$5 for a shoe, come and look at ours at \$3.50. If you pay \$6 for a shoe, come and look at ours at \$4. All plainly marked; one price to everybody. If you pay 35c or 40c for your coffee, try ours at 25c. No risk. Your money back if you want it. If you pay 30c for coffee, try ours for 20c. If you pay 75c or \$1 for tea, try ours, any kind—Gunpowder, English Breakfast or Japan, at 50c. If you pay 60c for tea, try ours—any kind you want, at 40c. Remember, we guarantee all our goods. Your money back if you want it.

N. PEACH & CO.

Real Estate Dealers. Moved to 208 1/2 West Gold Ave., ground floor. Get our prices before you buy. We have for a short time a few good brick and frame houses and choice vacant lots on easy terms.

AT BED-ROCK PRICES.
Have vacant lots on the Highlands from \$100 to \$300; \$10 down, and \$1 per week. This is a good investment and will double in price in a short time. We have renters for all classes of buildings, but very few to rent. It will pay you to list your property with us. All business entrusted with us will receive prompt attention.

Dangerous and Uncertain.

For sunburn, tetter and all skin and scalp diseases, DeWitt's Witch Hazel Salve has no equal. It is a certain cure for blind, bleeding, itching and protruding piles. It will draw the fire out of a burn and heal without leaving a scar. Bolls, old sores, carbuncles, etc., are quickly cured by the use of the genuine DeWitt's Witch Hazel Salve. Accept no substitute as they are often dangerous and uncertain. Sold by all druggists.

- Norfolk, Va., Aug. 17.—Probably 80 killed and sixty hurt, when Atlantic coast line train shot through open draw.
- Houston, Texas, Aug. 17.—Passenger train derailed; engineer killed.

ABOUT 500 EMPLOYEES WILL GET ANNUAL PASSES.

Friday, September 1, an important order goes into effect on the entire Southern Pacific system. It is a plan for issuing passes to the old employees of the company, and has as yet been fully carried out by but few roads in the entire country.

Hitherto, as a general rule, when a railroad man desired transportation either for himself or his family, he would have to cash time apply to the proper officials for a trip pass. But now old employees are to have annual passes who have been any length of time in the service of the railroad.

The passes will be sent out by Sep-

in place of coffee
makes both possible.

"There's a Reason."

tember 1. It is thought that the total list will be nearly 500, exclusive of passes to wives and children, also to be issued.

The Houston division will have the largest number of employees to favor, there being 172. The San Antonio division will be second in point of number. The superintendents of each division are making up the lists.

The El Paso division comes fourth in the list, owing to the fact that many of the employees have been changed off to other branches.

The number of old employees, those who have done more than ten years' service on the Southern Pacific—is rather a remarkable one. And a strange feature about it is that the list of names so far received reveals that the class who have served between fifteen and twenty years, exceeds the class who have served between ten and fifteen years. At least the list of names so far received indicates this. Those who have served more than twenty years are in the minority, but of those there will be more than half a hundred.

RAILROAD ATTORNEYS TO TEST A LAW OF NEW MEXICO.

The transcript in the case of Louis Dutton vs. the El Paso Northeastern system has been completed by the district clerk at El Paso, and is in readiness for the October court of appeals at San Antonio, Texas.

It is believed by Texas lawyers that the case will go to the supreme court of the United States, regardless of who wins in the lower courts. This is on account of the nature of the action and the question to be settled. Dutton, who is suing the railroad company for \$25,000 for injuries sustained at Santa Rosa, brought the suit in the El Paso district court. Attorneys for the railroad claimed that he could not do this without violating a certain law passed by the last New Mexico legislature.

The new law is designed to keep New Mexico law suits in New Mexico. The attorneys for the plaintiff claimed that such a law was unconstitutional. Judge Goggin held for the defendant, and the case was appealed.

On account of the question of constitutionality involved, it is practically decided to carry the case to the highest court for settlement.

PRESIDENT RIPLEY AND OTHER OFFICIALS AT ROSWELL.

Roswell was visited Saturday afternoon by a large party of head officials of the Santa Fe railroad. They arrived at about 1 o'clock in the afternoon in a special train of four coaches and after a visit of three or four hours, in which they called at the Hagerman ranch and a few other places of interest, left for the north. They were out on a trip of inspection and Roswell was the terminus of the trip. In the party were E. P. Ripley, president of the Santa Fe; J. W. Kendrick, third vice president; James Dunn, chief engineer of the Santa Fe system; W. E. Storey, chief engineer of the Santa Fe; J. E. Gorman, freight traffic manager; J. E. Hurley, general manager of the Santa Fe; Avery Turner, general manager of the Pecos Valley lines; J. B. Kountz, general freight agent; George T. Nicholson, passenger traffic manager; W. J. Black, general passenger agent, and A. L. Conrad, traffic manager of the Pecos Valley lines.

SOUTHWESTERN COLORS FOR NORTHEASTERN STATIONS.

Orders have been received from the general offices of the Southwestern to have all the old station buildings along the line of the old Northeastern painted in colors adopted by the Southwestern. The paint gang of the bridge and building department, under foreman C. E. Wheeler, will go at the work in a few days, commencing with the depot at Alamogordo, and then working out over the line. The Southwestern colors for depots are yellow body and dark green trimmings.

ROCK ISLAND AND SANTA FE AGREEMENT RUMORED.

An important trackage and traffic alliance between the Rock Island and Santa Fe systems is pending. The Santa Fe is exceedingly anxious to secure an entrance to St. Louis, via the Rock Island's line from Kansas

City, and in return for such a concession is said to be ready to give the Rock Island the use of its main tracks where desired between Kansas City and California. By using some sections of the Santa Fe, the Rock Island could not only reduce its mileage from Chicago to the Pacific coast, but would not be solely dependent upon the Southern Pacific to maintain through service via El Paso.

ALMOST SERIOUS FIRE AT LOCAL RAILWAY SHOPS.

Saturday night at 10 o'clock a blaze which started in an adjoining outbuilding to the blacksmith shop, completely destroyed the outbuilding, and for a time threatened the blacksmith shop. The fire department at the shops turned out at the first alarm, but to be on the safe side, a second alarm was turned in to the city fire department, which promptly responded, and soon had the fire extinguished. The fire made a big blaze, and hundreds of people flocked to the scene. The damage will amount to several hundred dollars.

JARILLA CAMP MINING IS ENJOYING BIG BOOM

Having purchased the right to use a dow of water equaling 30,000,000 gallons per minute, the Southwestern Smelting and Refining company will commence immediately the work in the pipe line that will bring the water to the townsite at Jarilla, N. M., at the place the smelter of the company is to be located. The water comes from the Sacramento mountains, twenty miles away. The furnaces will be the largest ever in the territory. Ore will be drawn from the property of the company, in the Jarilla range. The mines formerly owned by the Eddy brothers, together with other important holdings, form the territory to be operated. There is enough ore in sight to keep the smelter in blast for a long period of time. It is also the intention of the southwest company to erect an electrical generating station and to operate the mines by electricity. Electric power will also be sold to other mines for their operation.

Two new business houses have been erected on the townsite, and others will be constructed as soon as the building material arrives.

MUSICAL ENTERTAINMENT

The following is the program to be rendered at St. Mary's hall tomorrow evening by the choir of the immaculate Conception church:
